TO: Members of the Chicago-Midwest Meat Association
FROM: Ed Chouinard, President
RE: College Scholarship Award Program

The Chicago-Midwest Meat Association is once again offering college scholarships for children of the employees of members of our Association. I have enclosed a copy of the program in both English and Spanish.

The scholarships are \$3000 per student again this year. This is a great opportunity and we ask that you share it with all your employees. They can't win if they don't apply.

Please post this scholarship where your employees will have access to it.
Should you have any questions please call Tina Knight at the above listed phone number.

Sincerely,

Ed Chouinard

CMMA President

COLLEGE SCHOLARSHIP AWARD PROGRAM

SPONSORED BY

CHICAGO MIDWEST MEAT ASSOCIATION

FOR CHILDREN OF EMPLOYEES OF MEMBERS OF THE ASSOCIATION

The Chicago-Midwest Meat Association will provide fifteen (15) scholarships, renewable annually for four (4) years. The award is for Three Thousand Dollars (\$3,000) initially, renewable at the same rate for four (4) years of undergraduate study in a college or university. The funds will be used to meet the cost of tuition and fees.

It is the goal of the Association to award up to fifteen (15) scholarships annually to children of employees. If there are no applicants of sufficient merit in a given year then none will be awarded. It should also be noted that if, in the judgment of the Association Scholarship Committee, funds are not sufficient to support renewals in years subsequent to the initial award, renewals may be cancelled.

ELIGIBILITY

The Association Scholarship Committee will determine the eligibility of applicants.

In order to be considered for a CMMA scholarship award, applicants must be the children of qualified employees of the Chicago Midwest Meat Association, for at least one (1) year prior to making application.

Payments in subsequent years are contingent upon the student's academic good standing and the parent's continued employment with a member of the Association.

AWARD CRITERIA

Scholarships are awarded on the basis of the applicant's past accomplishments and the promise of future academic success. Official transcripts are required for school and/or college records.

High School Graduates: High school class rank, college aptitude test scores (ACT or SAT), school honors/awards, and extracurricular accomplishments.

Community college transfers: College GPA, and credit hours completed per semester. Any honors/awards, extracurricular accomplishments, and any other information (e.g., recent high school records and college aptitude test score) relevant to a judgment as to future college performance. Community college students applying for a scholarship to a four-year institution prior to completion of their community college programs should indicate the reasons supporting early transfer to a four-year institution.

Delayed college enrollees: Applicants, who have decided upon college enrollment after five or more years since high school graduation, or their most recent college enrollment, must submit information useful to the Scholarship Committee in making a judgment regarding potential college success. Such information may include any formal or informal educational experiences in which the applicant has engaged, and employment, volunteer or community activities that have a bearing on potential college success. It is strongly advised that delayed college scholarship applicants submit recommendations from those qualified to do so, and a written statement from the applicant indicating the reasons for wishing to pursue college enrollment at this time, and any other information from the applicant that would be relevant to the scholarship award committee.
